Theological Department.

ADMISSION.

This Department is open to pious young men of all denominations. Candidates for admission must produce good evidence that they are members in good and regular standing in some Evangelical Church; that they possess competent talent; and that they have regularly graduated at some College or University, or that in some other way they have received an equivalent for the training of a College Course. Applicants for admission to an advanced standing must present a dismissal from some other Theological Seminary, or be prepared for examination on subjects which have been passed by the class which they desire to enter.

In exceptional cases, promising young men who have not had the benefit of a full College Course will be received, and will be allowed to pursue an Eclectic Course.

The practical work of the ministry is joined with study, as the theological students have opportunities of laboring as catechists in the neighboring churches during vacation and term time.

The regular course of study covers three full years.

Students completing the Classical Course satisfactorily receive the degree of Bachelor of Arts; those completing the Scientific Course, that of Bachelor of Science. Candidates for admission to the Freshman Class are examined in the studies prescribed in our Preparatory Course, or their equivalent, in case of those coming from other schools. For advanced standing, the candidate, in addition to the preparatory studies, will be examined in those previously studied by the class he wishes to enter, or others equivalent to them.

Preparatory Department.

The Preparatory Department aims to prepare the student thoroughly for the studies of either course of the College Department.

For the present, the Elementary English Course is a necessity, as the large majority of students coming to us have not had opportunity to ground themselves in the common English branches. Upon completing the studies of this course, the student is prepared to teach common school. He is also ready to enter upon either of the two higher courses of the Department—the Classical Course of three years, or the Scientific of two years. The Principal and two Professors give their entire time to the work of instruction in this Department. They are assisted by students of advanced standing, selected with special reference to their fitness for teaching.

UNIVERSITY BUILDINGS.

The new College Building (see frontispiece), completed at a cost of \$40,000., is 98x67 feet, three stories high, with an annex for chapel 66x45 feet. It is of brick, and contains twelve recitation rooms, each 34x24 feet, two society halls, and an audience room capable of seating six hundred persons.

The old College Building has been refitted and enlarged, and is devoted to the purposes of the Boarding Department. It is now known as Logan Hall. It will be opened one week previous to the beginning of the Fall Term, and will close one week after commencement.

SCHOOL YEAR.

The *School Year* consists of one session of three terms, commencing on the first Wednesday of October, and closing on the first Wednesday of June. Students wishing to enter should make early application.

The best interests of the institution and of the student personally, require that he report himself for duty promptly at the opening of each session.

TUITION.

There is no charge for tuition.

BOARDING DEPARTMENT.

A *Boarding House*, modeled on the idea of a Christian home, has been established for the accommodation of students from abroad.

This is under the care of Prof. Geo. L. White and his efficient wife, assisted by the three Junior Professors. *Students are required to board in the Department, unless excused by the Faculty.*

Board, including furnished rooms, washing, light and fuel, is \$10.00 per calendar month, *payable monthly in advance.* Boarders are not received for less than one month, and no deduction can be made for absence, unless ordered by the Faculty.

RHETORICAL EXERCISES.

All the students meet by divisions on Friday afternoons for exercises in declamation and composition, under supervision of professors.

Two *Literary Societies* are in successful operation: The Mattoon and the Clariosophic.

LIBRARY AND READING ROOM.

A large airy room on the first floor has been set apart as a Library and Reading Room. It will be open daily, and accessible to all. Here will be found a *Library* of about 2,500 volumes, and files of some of the leading newspapers and magazines.

COLLEGE Y. M. C. A.

A College Branch of the Y. M. C. A. is in operation, with a membership of over 100. It is earnestly desired that all identify themselves with this noble work.

PECUNIARY AID.

Candidates for the ministry, and young men of promise, will receive such aid as their necessities and the resources at command will allow. Friends in Scotland have established a fund of over \$6,000, the interest of which is to be used for preparing young men for mission work in Africa.

WORK DONE BY STUDENTS WITHIN THE YEAR.

Since the last commencement 102 of the students have taught school. Their combined service amounts to 237 months, or nearly

20 years. They have had 5,721 scholars, and have earned \$6,269., or an average of \$61.29 each. While conducting day-schools, at least 46 of these teachers have maintained Sabbath Schools, in which were 2,593 scholars; 17 of the students have labored as catechists and evangelists.

CHRISTIAN CHARACTER.

Of the students enrolled, about 130 are professors of religion; and some 60 are candidates for the Gospel ministry.

RULES AND REGULATIONS.

1. No one under twelve years of age will be admitted to the School. Applicants who are strangers to the faculty must bring a satisfactory certificate of good character and steady industrious habits. Every student by his enrollment contracts to obey the regulations of the University.

2. Students are expected at all times to act with respect and courtesy toward their instructors and fellow-students, and observe cleanliness and neatness in person, clothing and room.

3. All students, except day scholars, are required to attend chapel exercises each morning, general prayer-meeting Thursday evening, Sabbath school and evening service on the Sabbath, as well as their regular recitations. Day scholars are required to attend chapel exercises each morning except Saturday.

4. In order to preserve health, cultivate manual skill, develop taste, and, at the same time, keep the buildings in order, and improve and beautify the grounds, all students except day scholars are required to work one hour each day.

5. Students from abroad are required to board in the Home unless excused by the faculty; and when so excused shall be regarded as day scholars, and shall pay \$1.50 per term.

Board, including furnished room, light, fuel and washing, is ten dollars per calendar month, payment to be made in advance. Any student who, without satisfactory arrangement, shall not pay within ten days from the first of each month, shall forfeit the privileges of the institution.

6. Day pupils must pay their dues, \$1.50 per term, at the beginning of each term, and while on the grounds be subject to all the rules of the institution.

7. Punctuality and diligence in regard to all duties and exercises are required.
